- o National Board "R" - Repair, Alteration, Re-rating
- o ISNetworld - Seal of Quality
- o HASC - Member and Sponsor

Quality Products and Services | Minimum Delivery Lead-Times | Maximum Value Creation | Exceptional Customer Service

OUR SERVICES

ENGINEERING

From concept to completion, our highly qualified and experienced engineering team can assist you achieve your project objectives, on time and within budget.

- o Design, Drafting, and Modeling
- o Consulting
- o Project Management

MANUFACTURING

Provide us with your design and we will manufacture to your specifications. Our ASME certified fabrication process and highly experienced Quality Control (QC) managers ensure optimum quality products. Our skilled craftsmen take advantage of the latest technology in automated welding to meet and exceed our clients' fabrication expectations.

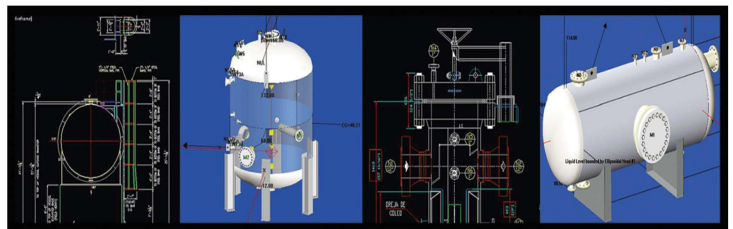

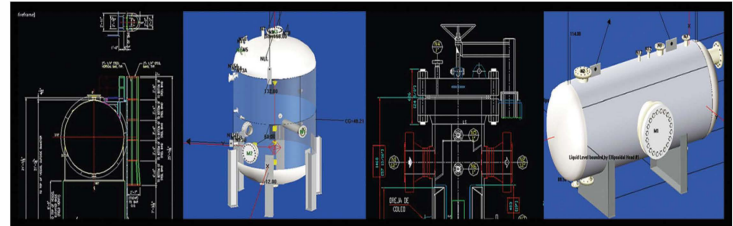

- o Production and Process Equipment Fabrication
- o ASME Pressure Vessel Construction
- o Pipe-Spool Fabrication
- o Support Structure and Catwalk Construction
- o Carbon Steel, Stainless Steel, and Alloy Welding

FIELD SERVICE

Our fabrication shops are National Board "R" certified for repair, alteration, and re-rating of production and process equipment. We provide the following field services:

- o Chemical Plant Maintenance and Management
- o Unit Assembly and Installation
- o Process Modification
- o Equipment Repair, Alteration, and Re-purposing

Re-purposing existing equipment, as an alternative to purchasing new or pre-owned equipment, can significantly reduce budgetary requirements of your upcoming projects.

PROCUREMENT

Our local and international clients take advantage of our extensive network of partners and suppliers to procure their projects, effectively and efficiently. We provide a seamless and manageable procurement process to minimize your bottom-line costs and shorten your delivery lead-times.

OUR PRODUCTS

OIL AND GAS PRODUCTION EQUIPMENT

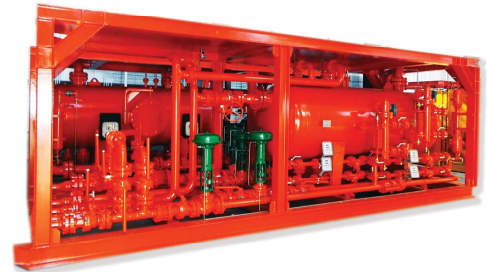

- o Separators and Dehydrators
- o Pig Launchers
- o Scrubbers
- o Magnetic Filters
- o Manifolds

PETROCHEMICAL PROCESS EQUIPMENT

- o Distillation and Fractionation Columns
- o Reactors
- o Accumulators and Knock-Out Pots
- o Strippers
- o Pipe Spools

STRUCTURAL PRODUCTS

- o Support Structures and Catwalks
- o Handrails and Ladders
